

# Airtemp®

COOLING & HEATING SYSTEMS

## Gas/Electric Packaged Systems

### 14 SEER / 81% AFUE Gas Pack

All Airtemp® packaged units deliver dependable performance and their durable, attractive cabinetry complements your home's surroundings.

- **Year 'Round Comfort:** Economical gas heating and efficient electric cooling.
- **Efficient and affordable:** Meets Department of Energy efficiency standards.
- **Compact, low profile:** Blends unobtrusively with all surroundings.
- **Durable finish:** Galvanized steel for added strength and durability, featuring silicone-protected polyester urethane finish that provides superior corrosion resistance, 50% better protection than standard outdoor finishes.
- **Attractive cabinet:** Classic dark gray styling for premium product appearance.
- **Double Protection:** Wire coil guard and never-rust mesh hail guard protects coil surfaces from weather and accidental damage.
- **Innovative:** All-aluminum coils for increased durability and greater corrosion resistance.
- **Quiet comfort:** Engineered to minimize vibration, providing quiet operation.
- **Corrosion-resistant drain pan:** Quickly drains away condensate, keeping components dry.
- **Environmentally friendly refrigerant**
- **Built to the highest standards for the American market**  
All Airtemp® products are designed, assembled and repeatedly and thoroughly tested in North America.

Cooling capacities from 2-5 Tons

### Quality, Reliability and Value

#### 10-Year All Parts Limited Warranty

Rock-solid warranty coverage to protect your investment. When you choose Airtemp® for your home comfort, your system comes with one of the best warranties in the business - 10 years on all parts.

#### 1-Year Replacement Pledge

Outstanding Airtemp® products are worthy of outstanding protection. Should major component failure ever occur within the first year of operation, we will replace the product.

*See warranty details for more information.*

## VR8GE Series

### Single Packaged Gas/Electric Units 14 SEER, 81% AFUE 2 Ton thru 5 Ton Units

The VR8GE Series single packaged gas/electric units are high efficiency self contained cooling systems that can be installed on the roof or on a slab. The convertible unit design makes installations simple in all applications. Units are ETL and ETLc listed.

## WARRANTY

- This product offers a 10-year all-parts limited warranty.
- This product offers a 1 Year Replacement Pledge to replace the entire unit, if the unit's major component (heat exchanger or compressor) fails within the first year of operation, to the original owner.
- Consumer product registration required for 10 year All Parts Warranty and Replacement Pledge within a limited period of time after the installation. See current warranty document or visit our consumer web site [www.airtempvac.net](http://www.airtempvac.net) for warranty details.

## FEATURES and BENEFITS

- **Convertible Air Delivery:** Horizontal or downflow to accommodate rooftop or horizontal application.
- **Performance Testing:** Every unit is triple checked at each manufacturing stage and all electrical and mechanical components are run tested.
- **ECM Blower Motor:** Fixed torque energy efficient motor lowers operating cost.
- **Peace of Mind Protection:** For long service life, in-line filter drier supplied to protect sealed system from contaminants and high and low pressure switches protect against potentially damaging abnormal pressures.
- **Energy Efficient Compressor:** State of the art scroll compressor is standard equipment.
- **Micro-Channel Coils:** Both indoor and outdoor all aluminum coils are designed to optimize heat transfer, and increase durability and reliability.
- **Compact Footprint/Low Profile**
- **Access to Controls and Major Components:** Easy in and out for routine maintenance.
- **One Piece Top for Great Fit and Finish, Total Seal:** Well designed, quality construction. Drip edge on top panels whisks away rainwater. Protects components from damaging moisture.
- **Extended Life Heating Technology:** Innovative application of an appliance-type ignition system with a 20-year history of reliability. Utilizes proven Smartlite<sup>®</sup> technology.
- **Quiet Operation:** Low vibration fan blade combined with custom venturi condenser fan.
