## 14 SEER Air Conditioner

You can count on years of dependable energy efficiency when you choose an Airtemp® air conditioner. Designed with reliable performance in mind, Airtemp outdoor units complement every home.

- **High Efficiency:** Meets or exceeds Department of Energy efficiency standards.
- **Efficiency Boost:** Performance can increase up to 15 SEER or more when installed with a matched energy-efficient indoor air handler or furnace with coil. Certain matched systems qualify for ENERGY STAR ratings.
- **Quiet Operation:** Engineered air discharge and high-efficiency fan motor for lower sound level system performance. For long lasting durability, the heavy duty fan motor is completely protected from rain and snow and requires no maintenance.
- **Innovative Micro-Channel:** All-aluminum coil for increased durability and greater corrosion resistance.
- **Solid Protection:** Complete metal wrapper protects the internal components from yard hazards and extreme weather. Attractive, classic dark gray styling with contrasting louvered discharge grille for premium product appearance.
- **Compact, Low Profile:** Blends unobtrusively with all surroundings.
- **Built Strong:** Galvanized steel for added strength and durability, featuring silicone-protected polyester urethane finish that provides superior corrosion resistance.
- **Composite Base:** Is stronger than steel, absorbs sound and is corrosion resistant.
- **Environmentally Friendly Refrigerant**
- **Cooling Capacities:** 1.5 - 5 Tons.

*Built to the highest standards for the American market. All Airtemp® products are designed, assembled and repeatedly and thoroughly tested in North America.*

High Efficiency, Air Conditioner

## 14 SEER System

# VSA1BE Series

1.5 THRU 5 TON CAPACITY

The VSA1BE Series of air conditioners offers exceptional performance. The unit, when combined with our engineered coils or air handlers, offers a full line of quality, split system cooling equipment.

## Features & Benefits

- **R-410A Refrigerant:** Earth friendly non-ozone depleting refrigerant.
- **Composite Base Pan:** Absorbs sound and is corrosion resistant. Composite is also stronger and lighter than steel.
- **Micro-Channel Coils:** All aluminum coils in all models which provides high corrosion resistance.
- **Permanently Lubricated Motor:** A heavy duty PSC motor for long lasting reliability and quiet operation. Requires no maintenance and is completely protected from rain and snow.
- **Durable, Attractive Cabinet:** Designed using galvanized steel with a polyester urethane finish. The 950 hour salt spray tested finish is 1.5 mil thick and resists corrosion.
- **Removable Top Grille Assembly:** Allows ease of service from the top without disconnecting fan motor leads.
- **Peace of Mind Protection:** In-line filter drier supplied to protect sealed system from contaminants and high pressure switch protects against potentially damaging abnormal pressures for longer service life.
- **Top Assembly w/ Wire Discharge Grille:** Designed for maximum airflow and quiet operation.
- **Complete Metal Wrapper:** Durable metal guard protects the coil from yard hazards and extreme weather. For routine maintenance or service, side panels can be easily removed and replaced without removing the top grille.
- **Easy Compressor & Control Access:** Designed to make routine maintenance easier for the contractor, access panels are provided to all controls and the compressor from the side of the unit.technology.

## Warranty

- This product offers a 10-year all-parts limited warranty.
- This product offers a 1 Year Replacement Pledge to replace the unit if the compressor fails in the first year of operation, to the original owner.
- Consumer product registration required for 10 year All Parts Warranty and Replacement Pledge within a limited period of time after the installation.

See current warranty document or visit our consumer web site [www.airtemp.com](http://www.airtemp.com) for warranty details.
